HOW DO I GET STARTED?

The first step is to book a call with us to find out if you are a candidate! If, during the call, everyone feels like working together is a good idea, we will select your procedure date.

For injections and IV, a \$500 non refundable deposit is required to secure your procedure date.

For the Stem Cell Transformation Program, a \$1500 non refundable deposit is required to secure your procedure date.

Deposits are transferable one time to a new date.

Your balance is due the day of the procedure.

If you require financial assistance, you can apply for funding with our partner, EAZE. This is available for residents of both the United States and Canada for purchases over \$5000.

After your deposit is received, 4 things will happen:

- 1) You will select your procedure date
 - 2) You will schedule your pre-procedure consultation
 - 3) You will be given access to our online learning platform
 - 4) Your Success Kit will be shipped out within 2 business days.
-

In your online learning platform, you will find valuable pieces of information, such as your pre and post procedure instruction and the ability to book calls with a health coach (3 included) should you need additional support during this time.

We recommended getting started in here right away.
